Advanced Courses

Pre-requisite Skills: Comprehension of spoken target language; (Mandarin majors should be able to read 50-100 Chinese characters) and spoken fluency or a strong vocabulary and willingness to try.

Course Description: This is a 100% immersion remote course offered online that will focus on advanced level speaking, and first or second grade level reading and writing in the target language; and developing knowledge of culture. The course content is delivered in three component sections that include individual one-to-one sessions. **Multilingualism:** A limited time is devoted to sustaining the minor language.

Intermediate Courses

Prerequisite Skills: This class is for children with good target language comprehension skills, previous exposure, and a desire to acquire the language.

Course Description: This is a 100% immersion online course that will focus on intermediate level speaking, and beginner (PreK) level reading and writing in the target language, as well as developing knowledge of culture. The course content is delivered in 3 component sections that include individual one-to-one sessions. **Multilingualism:** A limited time is devoted to sustaining the minor language.

M-Play1 & S-Play1- Mandarin and Spanish Mommy & Me

Course Description: This immersion online Nursery School program will focus on exposing young children to the target language through music, art, stories, and nature exploration. Teachers will speak to the children 100% of the time in the target language. There will be a 30-minute daily Morning Meeting where the teacher leads children in daily song, meet and greet, and exploration of the unit’s theme. Children and parents may participate in Dr. Foster’s live yoga class (offered in English). We will learn new songs and sing old favorites. Arts, crafts and nature activities will be posted online for parents to use during a time that works for their family’s schedule. Parents may share their experiences and creations during live group meeting time, and as posts to the Mighty Morningside platform, our private community platform.
